**VINDINO**<sup>®</sup>  
VETERINARY INDUSTRIAL INNOVATION

Under our VINDINO (Veterinary Industrial Innovation) brand, we specialize in crafting cutting-edge clinical industrial equipment tailored for the needs of veterinary clinics and hospitals. Our diverse product range includes the production of cat and dog cages, automated operation tables, operation preparation units, pet shaving and washing units, device stands, endoscopy trolleys, and automatic floating x-ray tables, all meticulously crafted from high-quality 304 stainless steel.

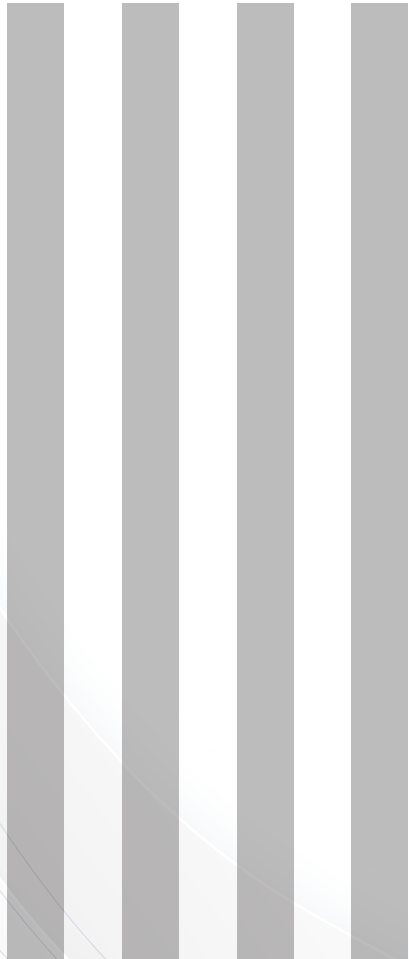

Situated in Antalya, Turkey, our state-of-the-art facility spans X square meters, equipped with industrial technology to ensure precision and excellence in manufacturing. With an ISO 9001-CE certificate, our commitment to quality is paramount.

VINDINO's impact is felt across the veterinary community, as our products are trusted by over 500 clinics and hospitals. Our global reach extends beyond borders, with exports to numerous countries around the world.

## VINTAB 60 FLOATING X-RAY TABLE

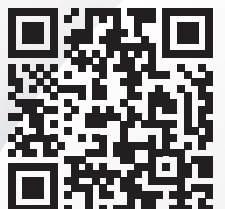

### VINTAB 60 X-RAY FLOATING TOP TABLE

MODULE**

**WEIGHING  
SCALE**

**HEATED**

**7 inc resistive  
touch screen**

### VINTAB 35 DELUXE FULLY AUTOMATIC SURGERY TABLE

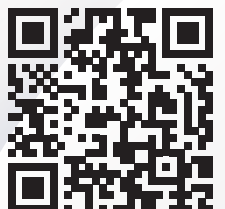

Dimensions: 60 cm x 140 cm (WxL)

Electrical height adjustment

Min: 40 cm - Max: 120 cm

#### Features

- Weighing scale (lbs / kg)
- Dental module
- Heated (C° / F°)
- 304 quality stainless steel production
- Automatic trendelenburg positioning (electrical)
- Ability to move up and down and bring to trendelenburg positioning with a manual control
- IV Pole
- Waste water drain
- Easily portable with wheels (Optional)
- Teeth cleaning unit can be attached (Optional)

## VINTAB 35 AUTOMATIC SURGERY TABLE

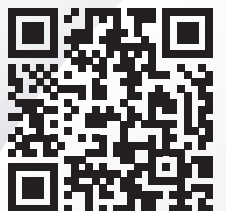

### VINTAB 35 FULLY AUTOMATIC SURGERY TABLE

Dimensions: 60 cm x 140 cm (WxL)

Electrical height adjustment Min: 40 cm - Max: 120 cm

#### Features

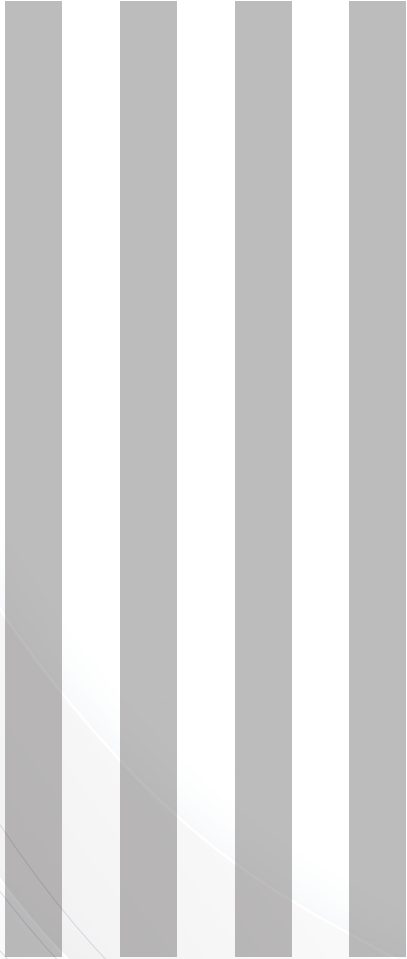

- 304 quality stainless steel top plate
- Electrostatic painted body
- Automatic trendelenburg positioning (electrical)
- Ability to move up and down and bring to trendelenburg positioning with a manual control
- IV Pole
- Waste water drain
- Easily portable with wheels (Optional)
- Teeth cleaning unit can be attached (Optional)

## VINTAB 25 EXAMINATION TABLE

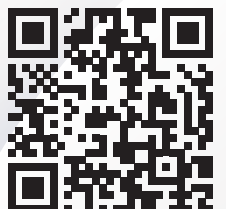

### VINTAB 25 EXAMINATION TABLE

Dimensions: 60 x 140 x 85 cm (WxLxH)

#### Features

- 304 quality stainless steel top plate
- Electrostatic painted body
- Manual Trendelenburg positioning
- IV Pole
- Waste water drain

## VINTAB 10 INSTRUMENT TABLE

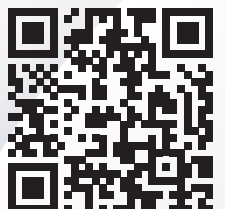

### VINTAB 10 INSTRUMENT TABLE

Dimensions: 50 x 70 cm (WxL)  
Manual height adjustment: 90-110 cm

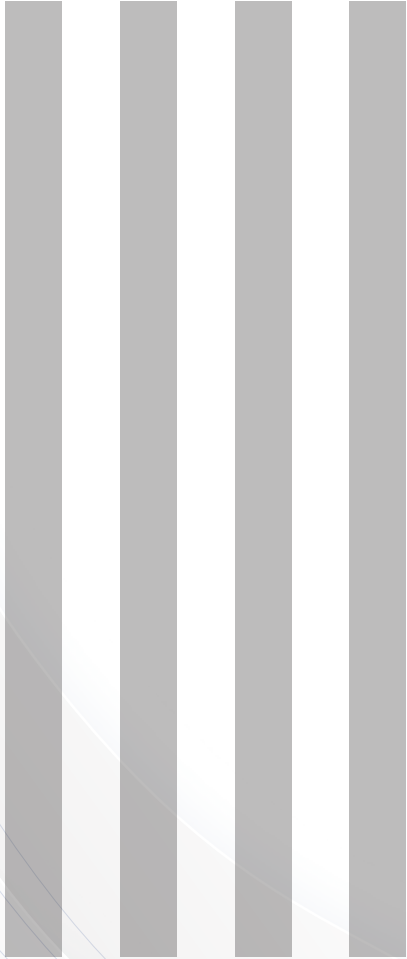

#### Features

- 304 quality stainless steel top plate
- Removable top plate
- Electrostatic painted body
- Easily portable due to castors

## VINCLEAN 20 SURGICAL SCRUB SINK

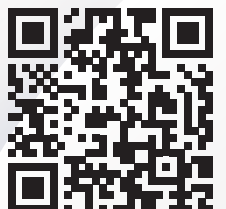

### VINCLEAN 20 SURGICAL SCRUB SINK

Dimensions: 50 x 45 x 132 cm (WxLxH)

#### Features

- 304 quality stainless steel
- Washing by pressing the foot pedal
- Photocell soap dispenser
- Cold-warm water connection
- Temperature adjustment with button

## VINCLEAN 11 PET GROOMING/WASHING BATHTUB

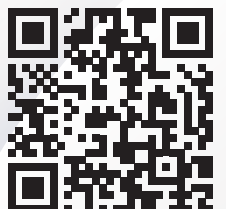

### VINCLEAN 11 PET GROOMING/WASHING BATHTUB

Dimensions: 120 x 60 x 90 cm (WxLxH)

#### Features

- 304 quality stainless steel
- 15 cm deep bathtub
- Cabinet with doors and shelf
- Removable upper grids on the tub
- Extendable shower head with warm and cold water connection
- Faucet can be relocated to the right or left side of the unit as desired
- Waste water drain

# VINSTAT 20 AUTOMATIC X-RAY STAND

## VINSTAT 20 AUTOMATIC X-RAY STAND

### Features

- Mobile, portable structure
- Automatic up and down movement

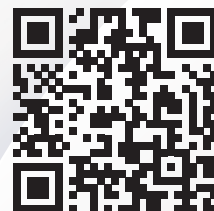

## VINSTAT 10 SIMPLE X-RAY STAND

### VINSTAT 10 SIMPLE X-RAY STAND

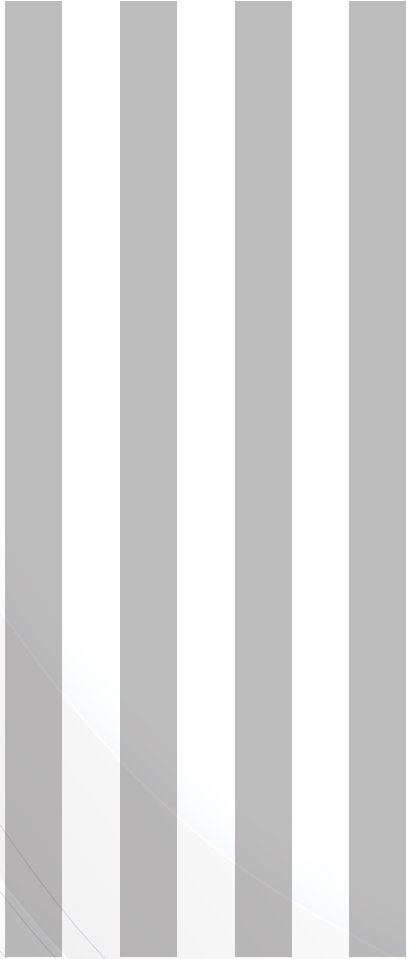

### Features

- Mobile, portable structure
- Height adjustment through piston

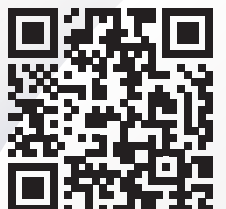

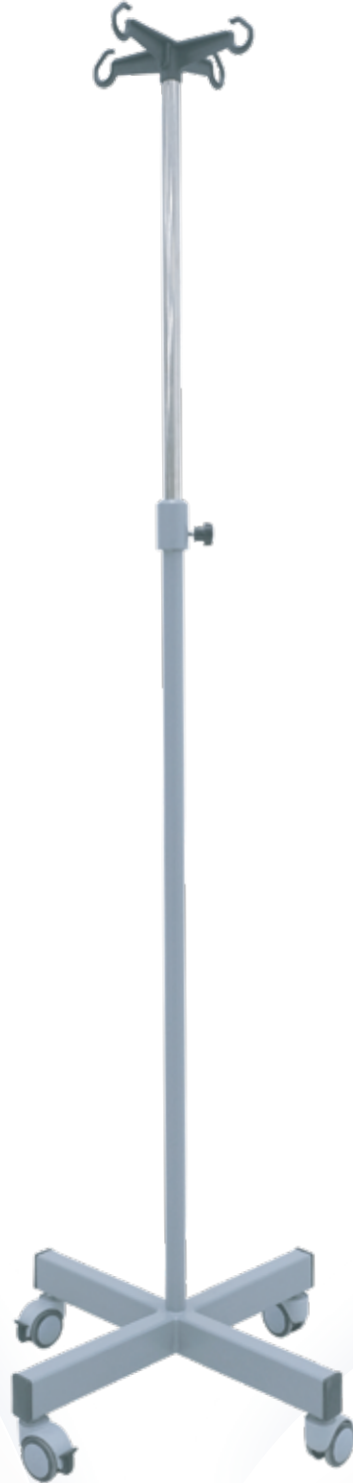

## VINHANGER 10 IV POLE

### VINHANGER 10 IV POLE

#### Features

- Castored
- Specially designed against overturning
- Stainless steel upper body
- Electrostatic painted lower body
- Height adjustable

## VINSTER 45 HOT AIR STERILIZER

### Characteristics:

Horizontal air circularly by double Air ducts, high efficiency and high uniformity.  
 PID controller, with over-temperature protection function.  
 With fan switch, LED digital display, high temperature blast motor.  
 New anti-hot handle.

### **GXBE series have the following characteristics other than the above functions.**

LCD temperature controller.  
 4 grades speed fan, adjustable for different requirements.  
 Over-temperature protection system.  
 High precision digital independent temperature limiter.  
 304:SUS304 Stainless Steel Body.
